

FADE IN:

EXT. THE SEVEN DWARFS' COTTAGE - NIGHT

Summer rain taps against the window. PUSH INTO --

INT. THE DWARFS BEDROOM - NIGHT

The RHYTHM of the rain against the window syncopates with SYNCHRONIZED SNORING from --

HIGH ANGLE SHOT: the SEVEN Dwarfs, sleeping...

REVEAL this is the POV of a MOSQUITO, whose BUZZING adds to the natural music of the moment...

The mosquito dives toward DOC like an old-fashioned dive-bomber. Mid dive, its nose snaps into blood-sucking position, a sharp little needle protruding from the end...

But before it can strike, the mosquito gets drawn into the downdraft of Doc's snore...

To the mosquito, Doc's mouth is a gaping chasm of death...

Caught, the mosquito tries to reverse direction, flapping for all its worth, struggling against being swallowed. It's a losing battle... but just as it's almost drawn in, Doc breathes out, blowing the mosquito to --

GRUMPY, whose inhale sucks the hapless mosquito down, then out on the exhale, bouncing it over to BASHFUL...

Caught on a dwarf calliope, the mosquito is bounced to SLEEPY... then across the room to --

DOPEY, whose ears flap in counterpoint to his snoring. The mosquito is drawn in and out on the currents of Dopey's breathing... until he gets ear-smacked like a baseball onto --

SNEEZY'S nose. The mosquito reels, as Sneezy begins a sneeze, which draw the mosquito almost into his nose... The mosquito grabs a nostril for dear life... but, Sneezy sneezes and blows the poor mosquito to --

HAPPY's bed. Like a child with a new toy, Happy clutches a brand shiny new flute in his sleep. The mosquito smacks the flute with a perfect high "C" PING. The mosquito's eyes cross, and he drops onto Happy's pillow, knocked out, snoring...

At the window, the rain stops... and night gives way to dawn...

INT. THE SEVEN DWARFS'S COTTAGE/DOWNSTAIRS - DAWN

As the cuckoo clock (*as it exists in movie*) strikes six, the carved squirrel DINGS his nut and the frog jumps out and opens his mouth; his tongue darts out and hits --

A wooden peg on the dwarf's pipe organ, pushing it in. ((chimpunk on wheel that makes sound that causes organ to play??)) As his tongue returns and the frog retreats back into the clock, a player roll in the organ turns, and the organ begins to PLAY ("*HEIGH-HO*" *if licensing permits.*)

At the top of the stairs, the bedroom door flies open, and the Dwarfs march out, Doc in front, followed by Happy...

HAPPY

I can play that on my new flute!

He PLAYS *along* with the organ. Grumpy, bringing up the rear behind bleary-eyed, scratching Sleepy, just wants to go.

GRUMPY

Can you whistle while you walk?

The procession starts down the stairs, but Grumpy bumps into slow moving Sleepy...

GRUMPY

And you, Sleeping Ugly. *Step on it.*

Just as Grumpy gets to the bottom of the stairs, Doc suddenly stops. The procession accordions into Doc.

The crash causes the organ to stop... and Grumpy to fall into Sleepy and catch his nose in Sleepy's belt...

DOC

Jiminy cricket! Our home has been beauti-fried. *I mean looty-fied. Bone-fied.* I mean... wow!

A vase of beautiful flowers in the center of the table. Seven places set with melons and rolls.

Hanging from the fire, a tea pot with a smiling gap tooth ogre spout stop, WHISTLES...

At the window, several BIRDS sit on the sill, WHISTLING in unison with the tea pot...

The Dwarfs look over each other's shoulders to see -- except, Grumpy, nose still stuck in Sleepy's belt, who gets pulled around like a rag-doll...

GRUMPY
 (muffled)
 I can't breathe!

Finally, he extracts himself... then two LOVELY HANDS cover his eyes.

GRUMPY
 Now I can't see! I'm going blind.

WOMAN'S VOICE
 Guess who?

The faces of the other Dwarfs light up, as they exclaim --

DWARFS
 Snow White!

SNOW WHITE removes her hands from Grumpy's eyes, as Dopey gives her a big happy hug.

At the windows, forest creatures gather to watch, including MAMA and BABY DEER and the RABBIT FAMILY...

SNOW WHITE
 Good morning, sleepy heads.

Grumpy looks up at her, and harrumphs.

GRUMPY
 I should've known. Who else is always trying to makes us into a bunch of fancy pants.

BASHFUL
 Well, I think those flowers are so purty, just like y...y...
 (turning red)
 Y...y... you know.

SNEEZY
 He means like... y-y-yooo-ah-ah...

He starts to sneeze. The others Dwarfs all put their fingers under his nose.

SNEEZY
 You.

SNOW WHITE
 That's so sweet of you to say.

GRUMPY

Hhhmmmpph.

She lifts his cap, and gives Grumpy a kiss on the head.

GRUMPY

(liking it more)

Hhhmmmpph.

Snow White kisses him on the head again.

GRUMPY

(beaming)

Hhhmmmpph.

Snow White smiles as she kisses his head one more time.

GRUMPY

(realizing; forced
grumpiness)

Hhhmmmpphh!!

The others rush up to be kissed, lining behind Dopey. Snow White kisses his head. His ears wiggle joyfully...

Then it's Happy's turn, who beams...

Then Sneezy, who sighs...

Bashful, who turns crimson...

Then Sleepy, who wakes up...

And Doc, who happily stutters --

DOC

S-s-oo, what brings you here?

Before she can answer, Dopey has lined up again... she kisses him. He runs around in a circle, and to the front of his line of one for another....

SNOW WHITE

Now that's the last one. We have someplace to go. That's why I'm here.

SLEEPY

Where are we going?

GRUMPY

Where do we go every day? To work.
Heigh-ho, heigh-ho! Hello!
(MORE)

GRUMPY (cont'd)
 (re: Snow White)
 And all this mushy stuff is making
 us late.

He folds his arms, and sniffs...

SNOW WHITE
 Well, it is my pleasure to inform
 you that today you will not be
 going to work... by order of his
 Majesty Prince Charming.

She produces a fancy scroll.

DWARFS (EXCEPT GRUMPY)
 Oooooo!

She unfurls the scroll...

DWARFS (EXCEPT GRUMPY)
 Aaahhhh!

SNOW WHITE
 His majesty, my husband, has
 decreed today to be Forest
 Appreciation Day.

Snow White shows them the scroll.

In ornate lettering it reads: "BY ROYAL DECREE TODAY IS
 FOREST APPRECIATION DAY." It is signed "PRINCE CHARMING."

Even the animals at the window are impressed...

SNOW WHITE
 Because the forest is so generous
 in sharing its bounty with us, it's
 only proper that we take a day to
 cease our labors and say "thank
 you" to the forest. So, today, by
 royal decree, you *will all* put down
 your picks, take a day off, and go
 have a picnic with me to appreciate
 the wonders of the woods.

HAPPY
 Forest Appreciation Day! That's a
 wonderful idea.

He TRILLS a happy riff on his flute.

GRUMPY

The forest doesn't give us anything. We work hard for our jewels.

SNOW WHITE

True, you work hard to mine your jewels. But nature works hard for millions of years to make them. And think of all the things the forest gives us that we don't have to work for: the flowers on the table, the fruits and vegetables we eat, shade from the sun and a home for all the animals. Hasn't the forest earned us saying, "Thanks for sharing?"

The animals in the windows nod "yes" in unison.

SNOW WHITE

And I can't think of a better place to say "thanks" than at my favorite secret place.

Dopey points to his ears, then shows his lips are sealed.

SNOW WHITE

I know my secrets are safe with you, Dopey.

He swells with pride...

SNOW WHITE

But I'm happy to share this secret with my very best friends in the world -- you.

DWARFS (EXCEPT GRUMPY)
Awwww....

GRUMPY
Hhmmph. Bunch of ninnies.

SNOW WHITE

Do you want to hear about my secret place?

They listen rapt... as do the animals... even Grumpy, who doesn't want to be left out...

SNOW WHITE

My secret place is a magical wonderful place.
(MORE)

SNOW WHITE (cont'd)
 Deep in the forest, where the
 mountains touch the trees, there's
 a beautiful waterfall where the
 water leaps from the mountains into
 the green embrace of the forest.

DOC
 I can't wait to see it.

SNOW WHITE
 And because it just rained, we
 might be really lucky and see a
 rainbow!

BASHFUL
 Wh-wh-what's a rainbow?

SNOW WHITE
 You've never seen a rainbow?

Bashful bashfully nods "no."

DOC
 None of us has. We work from sun-
 up to sundown in our mine.

SNOW WHITE
 How do I describe a rainbow? It's
 Mother Nature using all her
 glorious colors to smile across the
 sky. *When you do something good for
 nature, nature shows her
 appreciation with a rainbow.* And
 when you seen one, it's so
 beautiful, *it makes you want to
 dance with your friends under it.*

Snow White SINGS *an original song, "HAVE YOU EVER SEEN A
 RAINBOW?"*

Happy joins in, PLAYING a flute solo...

All the Dwarfs and the animals are enchanted. Even Grumpy is
 drawn in... (NOTE: visual cut-aways will depend on actual
 song lyrics and imagery).

At the SONG'S CONCLUSION:

DOC
 I know what I want to do -- have a
 picnic and go find a rainbow!

GRUMPY
 (folds his arms)
 Rainbow schamamebow. I'm staying put.

DWARFS (EXCEPT GRUMPY)
 (ADLIB)
 Bye. See 'ya, wouldn't want to be
 ya'. *We'll bring you back a
 souvenir.*

To restore unity, Snow White interjects --

SNOW WHITE
 I thought you always do everything
 together as a family. Heigh-ho,
 heigh-ho, sharing is the way to go.

DOC
 Snow White is right. But what do we
 do about --
 (re: Grumpy)
 Mr. Sunshine.

SNOW WHITE
 Why don't you put to it to a vote?
 That way all of you can share in
 making the decision.

DOC
 A vote it is. All in favor of a
 picnic say "AYE."

DWARFS (EXCEPT GRUMPY)
 AYE!

Grumpy keeps his hand down.

SNOW WHITE
 Did I mention that I brought a
 wonderful picnic from the palace?

She opens the front door to REVEAL two picnic baskets
 overflowing with fruit and cheese and bread, a gourd thermos
 and a *goat skin* picnic umbrella...

The other Dwarfs coalesce in a wide-eyed, drooling
 clump...*Dopey's ears perk straight up in wild anticipation.*

DWARFS (EXCEPT GRUMPY)
 Mmmmm....

Grumpy reluctantly puts up his hand...

DOC
It's unanimous!

They stomp, jump and dance in place. Dopeys ears flap joyfully along with their syncopated rhythm.

ALL DWARFS
We're going to the waterfall and
we're going to see a rainbow!

SNOW WHITE
All we need is a picnic blanket...

DOC
Will a dug ru? I mean, a rug do?

SNOW WHITE
Of course.

DOC
Then we have just the thing....

Doc opens the closet... it's Fibber McGee's closet: out tumbles a rolled-up rug -- and a mountain of old shoes, clothes, paper, tools, etc. that crashes to the floor throwing up a cloud of dust...

Sneezy starts to sneeze.

The woodland creatures duck...

Six fingers rush toward his nose...

Too late. He SNEEZES, kicking up a huge cloud of dust...

MATCH DISSOLVE TO:

EXT. BLUE SKY - DAY

A beautiful cloud in a bright blue sky. *A happy flute song plays.*

PAN DOWN TO:

EXT. FORREST MOUNTAIN HILL - DAY

Snow White and the Dwarfs file through the woods: Snow White in the lead, followed by

Doc, who carries a map and compass...

Happy, who play his flute while...

Grumpy carries the picnic umbrella...

Sneezy and Sleepy carry the rolled up rug with one picnic basket suspended in the middle...

Bashful has the other picnic basket strapped to his back, like a pack...

Dopey brings up the rear, balancing a big gourd/thermos on his head...

The procession is accompanied by the woodland creatures from the house -- Mama and Baby deer, the Rabbit family -- frolicking along side... while above them all the birds fly and CHIRP AND TWEET to Happy's flute...

SNOW WHITE

Mmmm. Smell this wonderful air the forest made for us...

(taking a deep breath)

I love being out in nature.

GRUMPY

Easy for you to say. You don't have to carry anything.

SNOW WHITE

I'd be happy to help share your load.

GRUMPY

Are you saying I can't handle my business?

SNOW WHITE

I'm saying, I would be happy to share the load...

GRUMPY

I got it. I don't need nobodies help.

THWACK. Grumpy spears a knothole in a tree *with the goatskin umbrella*. The vibration travels down the umbrella to him. He TWANGS...

SNOW WHITE

(suppressing a giggle)

I'm sorry. Can I help?

GRUMPY

I'm fine.

He pulls the umbrella out of the tree.

GRUMPY

Let's just get a move on it.

As he swings the umbrella on his shoulder, Snow White
GASPS...

The umbrella is about to hit --

Dopey, who, at the last moment, limbos under the umbrella,
does a couple of Russian bottle dancer kicks, and keeps on
trucking...

Snow White exhales, and smiles...

SNOW WHITE

Well, this is certainly turning
into an adventure...

Snow White moves back to the front of the procession, as it
approaches --

A big rock covered in leaves in the middle of the path...

Wait a minute, it's not a rock -- it's a sleeping TURTLE...

Snow White skips over it...

Now it awakens, two eyes peer through the leaves...

TURTLE'S POV: Doc's huge boots are to crush it...

The turtle THWAPS into his shell, *sending the turtle* spinning
like a top...

The procession of Dwarfs steps around him. As Dopey passes,
the turtle comes out of his shell, dizzy...

A BLUE BIRD flits down and CHIRPS at the wonky turtle to come
along...

The turtle sees the procession moving away...

With a sigh, he starts forward, trying to catch up as the
Blue Bird flits ahead to --

Snow White and the Dwarfs, who march happily down a hill to
Happy's upbeat MUSIC...

DISSOLVE TO:

A SHORT TIME LATER...

The FLUTE MUSIC is slow and labored...

The feet of the procession trudging up the hill...

The Dwarfs are laboring... especially, Sneezy, who doesn't realize that the reason his end of the rug is so heavy is that Sleepy's head rest on his end, almost sleep-walking...

Snow white is breathing hard, but enjoying the challenge...

SNOW WHITE

I don't remember this hill being quite so steep, but I think it's just a little further this way...

The littlest rabbits are getting tuckered out. Mama deer bend low, and the littlest rabbits climb on board...

GRUMPY

I feel like we're going around in circles.

DOC

I'll check the map.

Doc stops and spread the map on the ground.

The whole procession stops. *Winded, wheezing, and gasping for breath* Happy STOPS PLAYING.

HAPPY

Are we stopping? Hallelujah.

Doc reads the compass...

Snow White looks over Doc's shoulder...

So do the other Dwarfs...

As Sneezy leans forward, the picnic basket slides toward him; but then Sleepy begins to fall asleep on his end of the rug, his slouching causes the picnic basket to slide toward him...

Doc whips out a triangle and a protractor, and with the compass exhaustively plots their position on the map...

Even the animals take an interest in this...

GRUMPY

Well?

DOC

According to my careful calculations, it should be just a little farther fat-away. I mean, just a little fatter rat away. I mean, what Snow White said...

GRUMPY

You take the umbrella, I'll take the map and compass. I think you need your eyes checked.

DOC

My eyes are fine. Besides, I'm the leader.

GRUMPY

Yeah, well I don't remember passin' a vote on that one.

Grumpy turns away. The umbrella on his shoulder, knocks the flute out of Happy's hands.

HAPPY

Hey!

Happy brushes off his flute.

BASHFUL

C-c-could I try your flute?

HAPPY

No. I wish I could, but I can't. It's delicate, and you might break it.

BASHFUL

I'll be careful.

HAPPY

I know, but it's too special.

Bashful sinks into himself.

SNOW WHITE

I'm sure Bashful will take good care...

Bashful blushes as Snow White sticks up for him.

GRUMPY

He doesn't wanna share and that's that.

Bashful sinks even deeper into himself. Mama deer steps over and gives him a lick on the cheek...

SNOW WHITE

Everybody, instead of quarreling,
let's enjoy the journey, and
appreciate all the wonderful new
things there are to see.

SNEEZY

I think all the new things out here
are making me...ACHOOOOOOOO!

Animals scatter.

Startled by the sneeze, Sleepy drops the blanket... and the picnic basket slides down onto his foot...

SLEEPY

Ouch!

Animals peer out, as --

SNOW WHITE

Are you alright?

SLEEPY

I just want to know: are we there yet?

GRUMPY

I want to be sure we're going the right
way.

Above Snow White, the birds form an arrow.

SNOW WHITE

I'm sure...

Dopey looks at the birds and nods vigorously...

As Snow White and the Dwarfs start off once more, the Blue Bird looks behind and sees...

The turtle lagging way behind in the distance...

The Blue Bird CALLS to the others in the flock. They fly back to --

The turtle. The Blue Bird dive-bombs the turtle, flying circles around the it, CHIRPING.

The turtle finally gets it: he goes into his shell...

Lead by the Blue Bird, the flock of birds lands on the turtle, and grabbing it with their claws and flapping for all they're worth, they turn him on his side...

Then, they fly high into the air in a "V" formation. And like a fighter squadron, they dive bomb the turtle again, this time landing him for only a second and pushing him forward...

With each successive bird, the turtle starts gaining speed...

((Did he tell us to loose the turtle here???)

He rolls down the hill...

He peaks out...

The forest is going past at high speed sideways...

The turtle closed his eyes, and draws back into his shell...

He rolls up the hill toward --

SNOW WHITE AND THE DWARFS

Through the trees, she spots what she's looking for...

SNOW WHITE

It's just over there. Come on!

Last one is a rotten egg!

Snow White takes off down the hill...

Doc behind her, trying to hold up to his map and compass...

Grumpy waving his umbrella as he runs, with each step almost taking out --

Happy, who clutches his flute and ducks...

Keeping up his end with Sneezzy keeps Sleepy awake...

Picnic items fly out of Bashful's picnic basket. He juggles them, trying to keep them from hitting the ground...

Dopey moves at impossible angles to keep the bouncing gourd on his head...

The turtle crest the hill, and starts down picking up speed, gaining on Snow White and the Dwarfs, who burst from the forest into --

EXT. FOREST MEADOW - DAY

Snow White suddenly stops. Her face falls...

The Dwarfs pile up behind her...

SNOW WHITE
What have people done?

Snow White's once idyllic, pristine, clean spot is now strewn with litter.

((And was this where he told us to put turtle??))

Discarded bottles and gourds... tattered blankets... fallen branches nobody's picked up...discarded apple cores and a pile of half eaten pumpkins, a filthy fire-pit...

A sign hangs cockeyed falling off it's nail and is illegible...

But worse of all, the waterfall has been reduced to a drip...

SNOW WHITE
This is terrible. Just terrible.

GRUMPY
That looks more like a drip than a waterfall.

SNOW WHITE
The litter has clogged the falls.

GRUMPY
I told ya' so. Rainbow schmamebow.

SNOW WHITE
The problem isn't rainbows. It's people. Some people don't know how to share. This is a place for everyone to share and this is no way to leave it. It's selfish, sad and wrong.

((Got another turtle note here??)) The hapless turtle rolls onto the scene and SMACKS into the pile of pumpkins with a SPLAT.

The turtle wonky turtle peers form his shell... at the pile of half eaten, discarded, rotting gook. Yuck! He retreats into his shell...

SNOW WHITE

And what about the poor animals?
This is their home...

The woodland animals that have accompanied them look
forlorn...

DOC

Maybe there's something we can boo?
I mean, something we can blue? I
mean, this is terrible.

SNOW WHITE

There is something we can do. We can
tidy up.

Dopey nods vigorously in agreement.

Suddenly, a GROWL. The Dwarfs look around nervously.

HAPPY

Was that a bear?

GRUMPY

*No, it was my stomach. We're here
and I'm starving. Let's eat.*

SLEEPY

Then take a nap.

SNOW WHITE

*I know we've come a long way and you're
hungry but we have a lot of work to do.
So, let's take a short lunch break and
then we can all make this someplace
that we all want to be.*

*The Dwarfs open up the picnic blanket. (sneezy could sneeze
here) Snow White opens up the basket and begins to lay out
the food, starting with a pile of sandwiches.*

DOC

This ones mine, I call it.

HAPPY

I saw it first.

SNEEZY

I'll take this one.

Dopey spots a huge chunk of cheese, picks it up, and walks
away with it under his shirt.

GRUMPY

That was the one I was going to take.

BASHFUL

Is there one for me?

SNOW WHITE

Of course, there is plenty for everyone.

Dopey has seated himself under a tree and admires his huge chunk of cheese. Doc suddenly notices Dopey isn't with them.

DOC

Hey, where did Dopey go?

Just as Dopey is about to bite into the cheese he is spotted by the other Dwarfs. Dopey tries to run but is too late. The other Dwarfs pounce on Dopey and the cheese.

GRUMPY

Gimme some.

DOC

Me too.

HAPPY

I want some too. Cheese is my favorite.

SNEEZY

Hey, I didn't get any.

DOC

Ouch! That's not cheese, that's my arm.

Dopey walks out of the circle seeing stars. The dwarfs stop fighting for one moment, everyone has a piece of cheese in their hands except Dopey.

SNEEZY

Yours is bigger than mine.

DOC

(takes a huge bite)
Is not.

GRUMPY

You have to give me more.

HAPPY
This one's mine.

The Dwarfs start fighting again and pounce on each other. Someone's cheese goes flying out of the circle and Dopey catches it in his mouth and swallows it whole. The Dwarfs rush towards Dopey and he scurries to get out of the way. Just before Dopey is about to get pounced on again, Snow White interrupts.

SNOW WHITE
Hey, this is no way to enjoy a picnic. There's enough for everyone but everyone needs to share.

Dopey breaths a sigh of relief and the Dwarfs return to the blanket to eat their sandwiches.

DISSOLVE TO:

EXT. FOREST MEADOW -DAY

Snow White and the Dwarfs have finished eating their lunch. Dopey peeks in the basket and under the blanket for any food items that might have been forgotten.

SNOW WHITE
Mmmm, that was just delicious.

All the Dwarfs nod in agreement, except Sleepy who is just about to fall asleep.

SNOW WHITE
Well, now it's time to get to work. Let's make this someplace that we all want to be. This is Forest Appreciation Day. Let's show the forest that we really appreciate it.

The animals suddenly look happy...a deer nudges Sleepy awake as Snow White and the Dwarfs begin their cleanup at their own picnic sight.

DISSOLVE TO:

EXT. WATERFALL - DAY

Snow White, the Dwarfs and the animals clean-up...

Happy, Sneezzy, Sleepy, and Dopey each pick up garbage. Dopey tries to balance a huge pile of bottle in his arms...

So do the animals. Daddy deer spears big trash with his antlers. Mamma deer pushes it into a pile with her hoofs. Baby deer spears little trash with his antler buds...

Doc and Grumpy throw, pile and shove the garbage into garbage sacs. Doc uses the umbrella pole to stuff it in tightly. Grumpy whips out a Swiss Army style knife. He opens the shovel attachment, and as Doc looks on jealously, as Doc begins to shovel the garbage into the bags...

DOC

Are we going to have to carry these bags all the way down the hill?

SNOW WHITE

Yes. Other people should have removed their garbage from this sight, but unfortunately they didn't, so we're going to do it for them.

The fabric of the umbrella has been converted into an improvised garbage sack. Bashful holds a large garbage sac for Snow White. The Dwarfs fill it...

The turtle grabs a piece of trash in his jaws, and like a crane, extends his neck to drop the trash into the sack...

SNOW WHITE

Why, look at that! We've filled it up. Time to take it to the dump!

SNOW WHITE

I think this one is full now.

Snow White uses one of her hair ribbons to tie it up...

Bashful takes the sack, and throws it toward the pit...

Unfortunately, it misses, and hits Dopey, and spills open... causing him to fall flat on his head and sends the bottles he's gathered flying...

One hits Grumpy on the head

GRUMPY

Hey! You nincompoops are supposed to be cleaning up a mess, not making a mess.

Grumpy throws the bottle toward Bashful. He ducks, and it hits Dopey, who's trying to gather up the bottles he dropped. Dopey falls down, and sees stars...

Doc eyes Grumpy's tool. ((I have a note here that just says "maybe put earlier to lay hint??))

DOC

If all you're gonna do is lap your
flips, I mean, flap your lips --
I'll take that.

GRUMPY

Guess we're even for the compass,
four-eyes.

DOC

Four-eyes!

HAPPY

If you fellas are going to argue...
(re: Dopey)
And this one is gonna sleep...

Sleepy hears the magic word --

SLEEPY

Sleep.

He lies down, and is instantly sawing logs...

HAPPY

Then I guess it must be break time.

He sits by a rock and starts to PLAY his flute.

Sneezy, Bashful and Doc stops working, too.

Snow White takes them to task.

SNOW WHITE

What's going on here? We have a
job to do, and it isn't done.

DOC

But we have only one tool and
Grumpy won't let anybody else get a
turn.

Happy trills on his flute.

DOC

And certain people would rather
play than work.

HAPPY

A little music makes work easier.
You know, whistle while you work.

SNOW WHITE

It's lovely that you want to make
music for everyone, Happy. And
music certainly makes it more
enjoyable. But--

GRUMPY

--We don't need a goldbrick who's
more interested *in making music*
than making this pile of garbage
disappear.

SNOW WHITE

Grumpy is right. If we all work
together, it will go much faster.

GRUMPY

Listen to the Princess. *I'm always*
right, never wrong.

DOC

Being right is all some people care
about.

The wind whips up some the trash. It peppers Sneezy... and
suddenly, Sneezy must sneeze.

SNEEZY

Ahh-ahhh...

DOC

Uh-oh...

The sound wakes up Dopey, who hides his head under a stone,
butt in the air like an ostrich...

Sneezy tries to hold it in. He turns beet red.

Doc rushes up behind Sneezy and holds his nose tight. It
worked! Sneezy doesn't have to sneeze anymore...

Everyone breathes a sigh of relief. Doc lets go of Sneezy's
nose, Sneezy lets out a furious sneeze.

SNEEZY

Ah-ah-ah-CHOOOOOOOOOOO!

It is a hurricane sneeze -- that sends fire ash, pumpkin rinds, a pile of branches and garbage flying all over the place.

GRUMPY

You ninny.

SNOW WHITE

I know you didn't mean it, Sneezy,
but now everything looks worse then
when we started.

SNEEZY

It's not my fault. Bashful
shouldn't have thrown the trash.

BASHFUL

(re; Doc and Grumpy)
They didn't make the hole big
enough..

The Dwarfs begins to fight among themselves.

DWARFS

Not my fault. Was too. He did it.
Did not. Was your fault. No, yours.

SNOW WHITE

*We've all got to share the
responsibility, and sharing it
means working together to get the
job done together. So please, let's
try to work together.*

GRUMPY

If I'm going to be the only one
actually working, then I quit.

DOC

You can't get away with that. I
quit, too.

HAPPY

Well if you do, then I do.

SNEEZY

Me, too.

SNOW WHITE

What am I going to do?

SLEEPY
 (dozing off)
 Wake me when you all have this
 figured out.

BASHFUL
 Nobody wanted to work with me
 anyway.

Dopey runs over, and signals his willingness to work with Bashful, but Bashful slumps onto a rock. Dopey sighs and does the same...

The Blue Bird rushes to Snow White, TWEET-TWEET, TWEETING in her ear.

SNOW WHITE
 Oh, dear bird. I haven't time right
 now to play.

But the little bird won't be deterred. It tugs and tugs on Snow Whites sleeve...

SNOW WHITE
 Okay, I'll follow you. I don't know
 what it could be. But you're
 certainly a determined little bird...

She follows the bird toward --

EXT. BASE OF THE FALLS - DAY

Snow White arrives and looks around...

SNOW WHITE
 What is it...

The bird tugs at her sleeve, indicating that she has to climb to the top...

SNOW WHITE
 (taking a deep breath)
 I hope this is important...

She starts to climb...

EXT. TOP OF THE FALLS - DAY

Two streams join to create a waterfall... only litter and garbage clogs them and the falls, causing it to nearly dry up...

The TWEETING Blue Bird hovers over it...

Breathing hard, Snow White pulls herself up and sees the problem.

SNOW WHITE
Oh dear, how awful.

The Blue Bird bird is still TWEETING madly, even louder than before, hovering over a spot Snow White can't quite see...

SNOW WHITE
I guess you want me over there.
Have you found something?

The little bird flaps, and TWEETS with all its might.

SNOW WHITE
That's a yes. All right, here I come.

Snow White balances herself as she steps over rocks, logs and garbage to get to where the bird is...

And finally sees what the bird was pulling her towards.

SNOW WHITE
Oh, great horrors!

At the junction of the two streams, a tiny fish struggles to leap over the barriers created by the garbage, but can't get past it...

Just upstream of the fork, a FAMILY OF FISH uses rocks to brace themselves against the current, as they wait for the little fish...

The little fish's MOM cries while FATHER FISH motions to his son to jump higher, but to no avail...

The little fish tries once more with all his might, but lands out of the river onto the garbage, and begins to slowly asphyxiate...

SNOW WHITE
Oh no!

Snow White runs to the edge, and calls down to the fish family.

SNOW WHITE
Don't worry, we're going to help.
(calling out)
Doc! Grumpy! Everybody, help!

EXT. FOREST MEADOW

The Dwarfs all sit facing away from each other with their arms folded.

GRUMPY
Hhmmpph. There goes Snow White,
screaming for our help...

Then it hits all of them at once --

GRUMPY
She's screaming for our help!

The Dwarfs leap to their feet, and take off. The animals follow...

EXT. TOP OF THE FALLS

Snow White runs to stream's edge by the little fish, who's losing his fight for life...

SNOW WHITE
Hang in there little fish!

Momma Fish crosses her fins (like fingers) for luck, as the Father Fish hugs her.

Snow White tries to make her way to the little Fish, but can't get through the rocks and huge log in the way...

EXT. BASE OF THE FALLS

The Dwarfs and the animals clamber up...

EXT. TOP OF THE FALLS

She tries to get up on the log but can't by herself...

The Dwarfs and the animals make it to the top...

DOC
Snow White!

She sees them.

SNOW WHITE
Over here!

The Dwarfs swing into action to help Snow White.

DOC
Here take my hand.

Snow White takes Doc's hand.

GRUMPY
Have a step up here.

Grumpy cups his hands and is able to step up on the log. Then Dopey pushes Happy up so he can help Snow White balance.

HAPPY
Take my hand.

At the same time, Sneezy, Sleepy and Dopey start pulling garbage out of the water, unclogging it. Mama deer uses her horns as a bull dozer to help...

Snow White makes her way over the slippery log to the little gasping fish...

GRUMPY
Careful, steady.

SNOW WHITE
Don't give up! We're almost there.

DOC
I can't reach the end. It's too far of a jump.

SNOW WHITE
We've got to get there.

GRUMPY
It's a huge leap. We'd have to fly.

DOC
If we had a pole one of us could swing over.

HAPPY
Here - take my flute. We can swing Dopey over.

GRUMPY
Good idea!

SNOW WHITE
Dopey, can you?

Dopey nods a very assured "Yes."

SNOW WHITE

Hurry!

HAPPY

Here, catch!

Happy throws his flute over the group, over the log, over the rushing water to --

Sleepy, who catches it and passes it to Grumpy.

The little fish has gone nearly limp and is quickly running out of strength...

SNOW WHITE

Don't give up, little fish. We're almost there!!!!

GRUMPY

Here, Dopey. Grab on to the end and I'll swing you over.

Dopey grabs the end of Happy's flute and with all his might Grumpy sends Dopey flying through the air, *over the stream, past a large broken tree stump, past a heap of rocks, a pile discarded tins cans and Dopey finally lands on the other side near the fish. (???Not garbage???)*

SNOW WHITE

Thank goodness.

A boulder blocks Dopey's way to the fish. He motions back that his arms aren't long enough.

HAPPY

Throw him the flute and he can reach with that.

GRUMPY

Dopey, catch!

Grumpy sends the flute flying through the air, over the running stream...Dopey drops the flute...everyone gasps.

SNOW WHITE

Oh, no!

Dopey runs a bit down the stream, balances himself on precarious rock as the tiny trickle of water is about to push the flute down the stream. Dopey lunges forward using a lilly pad for balance and stretching his body with all his might grabs the flute out of the water. He then rushes back to the fish.

SNOW WHITE

Use the flute to pry the rock.

Dopey then leans over the creek, and uses the flute to try to pry the rock out of the way. It starts to move...

Then the flute breaks. A piece goes flying, and lands beside the gulping fish...

SNOW WHITE

Don't give up!

With renewed determination, Dopey puts everything he has into prying the rock...

It gives.

SNOW WHITE

You did it, Dopey!

Water rushes... over the little fish... he falls into the water...

it disappears.

Everyone looks around with their hearts in their throats...

SNOW WHITE

Maybe he was too weak...

Suddenly, the little fish leaps from the water...

To his grateful family. They hug the little fish... and then they wave their fins at --

Snow White and the Dwarfs...

SNOW WHITE

You're welcome. Goodbye!

Leaping through the water, the Fish Family makes its way upstream...

Snow White beams at the Dwarfs and the animals, especially the little Blue Bird...

SNOW WHITE

Thank you. Thank you all. We couldn't have done it without all of us working together.

Dopey apologetically gives Happy what's left of the flute.

DOC
Dopey's sorry about your flute.

HAPPY
*Don't be silly, it was for a good
cause. You did great, Dopey. I'll
just have to make another one.*

Dopey beams with joy.

BASHFUL
C-c-can I help make a new flute?

HAPPY
You bet.

DWARFS
Hip, hip, hooray!

SNOW WHITE
Now, we just have a little more work to do...

DISSOLVE TO:

EXT. THE WATERFALL HILLTOP - DAY

The stream leading to the falls is once again pristine...

The waterfall erupts over the edge of the cliff...

EXT. BASE OF THE FALLS

The water cascades down, and flows through...

EXT. FOREST MEADOW

Now it, too, has been returned to its original beauty...

Six large filled garbage sacs sit on the side.

Like the old Burma Shave billboards, four brand new hand-made signs:

"No Littering!"

"Keep the Forest Clean."

"We All Share the Responsibility."

"This Means You!"

*Two open, empty picnic baskets on the spread out rug. A huge
BELCH (O.S)...((?? since they were eating earlier???)*

Snow White and the Dwarfs have finished eating...they sit at a picnic table with eight tree stump seats they made from the fallen tree. ((Is the tree the tree up top with the fish??))

GRUMPY

(patting his stomach)

Nothing like a good meal after a hard day's work.

SNOW WHITE

I'm so proud of you all. And Prince Charming will be, too. This turned into the best Forest Appreciation Day ever.

The animals nod...

A raindrop strikes a picnic basket.. The another and another. A drizzle begins...

Snow White enjoys the soft rain on her face... and then --

SNOW WHITE

I guess it's time we head back...

EXT. FOREST HILLSIDE

Snow White and the Dwarfs march away perfectly balancing and perfectly sharing the load of garbage sacs they've collected. As they near the crest the hill, they stop and look back...

It's beautiful...

SNOW WHITE

We did good.

And just then, a rainbow over the meadow! Spanning from the waterfalls to overhead...

SNOW WHITE

A rainbow!

The Dwarfs are slack-jawed: this is amazing

ALL DWARFS

A rainbow! It's beautiful!

And then... a second rainbow appears...

GRUMPY

Loook! A double rainbow!

They stop dancing and look out, rapt...

ALL DWARFS
Wow!!!!!! A double rainbow.

GRUMPY
We must've done something really good!

SNOW WHITE
We did, Grumpy. All of us. We did
very good...

As they enjoy this wonder, WE PULL BACK AND:

FADE OUT.
